

NAMEPA

NAMEPA CHAPTER TOOLKIT

ADVOCATE | EDUCATE | ACTIVATE

NAMEPA's mission is to preserve the marine environment by promoting sustainable maritime industry best practices and educate the public to Save Our Seas. This toolkit will help you develop your chapter initiatives and activities!

PLANET OCEAN DISCOVERY SERIES

Partner with a local school or organization to host field trips, kids clubs, or afterschool programs using our Planet Ocean Discovery Series. In NAMEPA's Coastal Habitat POD we highlight three unique coastal habitat ecosystems.

Topics include:

- Habitats and Adaptations
- Environmental Importance
- The Changing Climate
- Shipping/Navigation

CLEANUP PROGRAM

Our cleanup program is available to members, students and communities to host a local cleanup whether at the beach, river, or park!

NAMEPA provides:

- Introduction video
- Cleanup tips
- Trash data form

"It's easy to run a cleanup of your own to Save Our Seas with NAMEPA!"

EDUCATION GUIDES & ACTIVITIES

Through the support of our members and sponsors, NAMEPA has developed educational materials about the marine environment and maritime industry.

NAMEPA's educational resources can be used by anyone to educate others through both virtual or physical lessons and hands-on activities. Physical copies of resources are available and can be requested.

Visit www.NAMEPA.net/Education to access all our materials

START YOUR OWN CAMPAIGN

Interested in starting an initiative or campaign? Or looking to spotlight sustainable actions? NAMEPA can help!

When developing initiatives, you should be creative and develop ideas for your specific region, community, and chapter members.

Sustainable initiatives can include:

- Social media
- Videos
- Blogs
- Informative sessions
- Newsletters
